Bob: I'll be glad to have Catherine back here. The cat is starting to talk back to me. And, I've returned to the House late each night to find I had to fix dinner-probably good for me as I think I've lost a few pounds "batching it." I think the idea that she can decorate, and furnish new rooms and get some of my stuff out of her way has invigorated my roommate. I, too, as you know, am anxious to have some room where I can tinker without having to pick it up and get it out of sight every time someone visits. The peach of mind from this new addition is something new. I can't thank you enough. I'm sure you have them, but just to make sure:
